Community Camera Program

*Do you currently utilize
private video surveillance
at your home or business?*

Community Camera Program

Do you currently utilize private video surveillance at your home or business? If you do, we'd like to hear from you?

Video surveillance is one of the best methods for apprehending criminals and convicting suspects who are caught in the act of example of community-police partnerships and is something we highly value as a police agency serving our community.

How Does it Work?

The University City Police Department is committed to our partnership with the residents and business owners in our community. Many business owners and residents currently operate surveillance systems at their businesses and/or homes. As crimes occur nearby, they are not always aware that their system may have captured information that could help solve the crime, thus keeping our community safer. In turn, the police are also not always aware who may have this potentially vital information.

The University City Police Department is asking residents and businesses across the city to register their privately owned surveillance camera systems. As we respond to criminal incidents, we may be able to use the information or footage gathered from the security cameras to assist in the apprehension of criminals.

Register Online

If you would like to tell us that you have surveillance and allow officers to contact you should a crime occur in or near where your cameras are installed, we kindly ask that you let us know by filling out a registration form (link provided below)

[http://ucitymo.org/.....](http://ucitymo.org/)

What are the Benefits of Registering your Camera?

By registering your camera with us the Department can quickly identify nearby cameras that may have captured criminal activity. After registering your camera, you would only be contacted by the University City Police Department if there is a criminal incident in the vicinity of your security camera.

The University City Police Department, if necessary, may request to view your camera footage to assist in the investigation.

Help us keep University City an undesirable place for criminals to commit crime and help keep your entire community safe!

Register in Person or By Mail

If you wish you can also complete the Registration Form provided in this brochure and forward it to the University City Police Department either by bringing it to the station or mailing it to:

University City Police Department Community Camera Program

6801 Delmar Blvd., University City, Missouri, 63130

Information provided to the University City Police Department regarding your camera systems will be for **official use only**.

Your personal information will remain **confidential** and will not be distributed *except* as required by law or court order.
