# U City Community Vision 2040

University City is embarking on a visioning process that will produce a future-oriented and inclusive Community Vision for its residents looking out to 2040. The shared vision is intended to be strategic, actionable, and sustainable. University City's new Community Vision will identify future opportunities and align resources for development as the city prepares to update its Comprehensive Plan in 2022.

## Schedule Update

Due to the COVID-19 pandemic and the rise of Delta variant transmission, the City has postponed the two Think Tank sessions originally scheduled for October 14 and 16 to next year. In the meantime, smaller engagement sessions with a wide range of stakeholders will be held later this year. Small groups may include students, educators, business owners, faith leaders, etc. Please stay tuned to the project website for more information and to provide us your input.

## We want your input!

The purpose of this project is to develop a unified community vision for University City looking out to 2040. The vision must be built on the input of community stakeholders like you. Please take a moment to participate in this important building block of the visioning process for your community. The survey will take approximately 10-15 minutes and the results will inform the next steps in the visioning process. To take the survey, follow the project and contribute your ideas, visit [www.ucitymo.org/Vision2040](http://www.ucitymo.org/Vision2040). We want to hear from students, parents, faculty and staff.
